東百舌鳥中学校ほか2校特別教室空気調和設備工事ほか
監理業務の設計図書の訂正について（通知）

東百舌鳥中学校ほか2校特別教室空気調和設備工事ほか監理業務の設計図書等（図面）について、下記の通り、一部訂正しますのでお知らせします。

現在、堺市入札情報公開システムに掲載されている書類は訂正済みですので、再度、ダウンロードしていただくか、お持ちの書類を訂正していただきますようお願いいたします。

なお、開札予定日時、入札書の提出期間の変更はありません。

ご迷惑をお掛けし、お詫び申し上げます。

記

1. 図面の訂正

・訂正箇所

東百舌鳥中学校ほか2校特別教室空気調和設備工事

図面 M/01

2. 図面の訂正および補足説明について

図面の訂正後抜粋資料において、項目の訂正および補足説明を行っている部分について、楕円マークで表現していますので、訂正前訂正後の図面を比較し、ご確認ください。

特記仕様書【機械設備】

I. 工事概要
1. 工事名称 東百舌鳥中学校ほか2校特別教室空調設備工事
2. 工事場所 堺市中区新家町260番地ほか2か所
3. 建物概要
4. 工事種目
5. 工事内容
6. 特記事項

II. 工事仕様書
1. 一般仕様
2. 特記仕様
3. 道路交通の安全対策
4. 安全対策
5. 仮設設備
6. 工事用仮設物
7. 取付金具
8. 工事用電力
9. 設備材料等
10. 工事の下請け及び原材の購入について
11. 物理学物質を供給させる設備材料等の使用制限
12-1 発生材の処理等
12-2 発生材の処理等

項目 特記事項
12-2-2 発生材に係る...
13. アスベストに関する調査・報告・掲示
14. アスベスト含有物質...
15. 本工事での特別管理...
16. 建設発生土の処分
17. 掘戻し
18. 有害物質発生の抑制
19. 騒音、振動の防止
20. 耐震施工
21. あと施工アンカー
22. 風圧力に対する性能
23. 施工条件
24. 官公署その他への手続

項目 特記事項
25. 工事実施計画書の作成・登録について
26. 建設業 遠隔地共同制度
27. 施工体制等及び施工体系的な義務化
28. 火災保険について
29. その他の取扱いについて
30. 法定福利費について
31. 中間検査等
32. 工事写真
33. 完成図等
34. データの提出等
35. 提出書類等
36. 著作権等
37. 公共事業等関係調査
38. 引渡し及び管理責任
39. 現場代理人・技術者の専任期間等
40. 暴力団等の排除

特記仕様書【機械設備】

I. 工事概要

Table with 2 columns: 1. 工事名称 (Project Name), 2. 工事場所 (Project Location), 3. 建物概要 (Building Overview) including building name, structure, and fire safety measures.

4. 工事種目 (Project Categories)

Table listing project categories such as air conditioning and equipment, with checkboxes for specific items like air conditioning and equipment.

5. 工事内容 (Project Details)

Table detailing project content, including air conditioning and equipment specifications, safety measures, and other technical details.

6. 特記事項 (Special Notes)

Table containing special notes and specific requirements for the project, including safety and quality control measures.

II. 工事仕様書 (Construction Specifications)

1. 一般仕様 (General Specifications)

Text describing general specifications and standards for the construction work, including references to laws and regulations.

2. 特記仕様 (Special Specifications)

Text detailing special specifications for the project, including specific materials and construction methods.

3. 道路交通の安全対策 (Traffic Safety Measures)

Text describing safety measures for traffic during construction, including signage and barriers.

4. 安全対策 (Safety Measures)

Text detailing safety measures for workers and the public, including safety equipment and training.

5. 仮設設備 (Temporary Equipment)

Text describing temporary equipment used during construction, such as scaffolding and temporary structures.

6. 9段鋼材等 (9-Story Steel etc.)

Text detailing specifications for 9-story steel and other materials, including strength and quality requirements.

10. 工事の下請け及び材料の購入について (Subcontracting and Material Purchase)

Text describing subcontracting and material purchase procedures, including selection criteria and contracts.

11. 化学物質を含有させる設備材料等の使用制限 (Restrictions on Chemical-containing Materials)

Text detailing restrictions on the use of chemical-containing materials, including safety and environmental concerns.

12-1. 発生材の処理等 (Handling of Generated Materials)

Text describing the handling and disposal of generated materials, including recycling and waste management.

特記事項 (Special Notes)

12-2. 「建設工事」に係る資材の再資源化等に関する法律 (Law on Resource Recycling of Construction Materials)

Table detailing resource recycling requirements for construction materials, including specific materials and recycling rates.

13. アスベストに関する調査・報告・指示 (Asbestos Investigation, Reporting, and Instructions)

Text describing asbestos investigation and reporting procedures, including safety protocols.

14. アスベスト含有物質の除去 (Removal of Asbestos-containing Substances)

Text detailing the removal of asbestos-containing substances, including methods and safety measures.

15. 本工事での特管理産業廃棄物等 (Special Management Industrial Waste etc.)

Text describing special management industrial waste and other hazardous materials, including disposal methods.

16. 建設発生土の処分 (Disposal of Construction Soil)

Text detailing the disposal of construction soil, including site selection and environmental protection.

17. 埋戻し (Backfilling)

Text describing backfilling procedures, including material requirements and compaction.

18. 障害物発生の回避 (Avoidance of Obstruction Occurrence)

Text detailing measures to avoid obstruction occurrence, including site clearance and safety.

19. 騒音、振動の防止 (Prevention of Noise and Vibration)

Text describing noise and vibration prevention measures, including sound barriers and monitoring.

20. 耐震施工 (Seismic Construction)

Text detailing seismic construction requirements, including structural reinforcement and design.

21. あと施工アンカー (Post-construction Anchors)

Text describing post-construction anchors, including installation methods and safety.

22. 風圧力に対する性能 (Performance Against Wind Pressure)

Text detailing performance requirements against wind pressure, including structural design and testing.

特記事項 (Special Notes)

25. 工事実績データの作成・登録について (Creation and Registration of Construction Achievement Data)

Text describing the creation and registration of construction achievement data, including reporting requirements.

26. 建設費削減 (Construction Cost Reduction)

Text detailing construction cost reduction measures, including material optimization and labor efficiency.

27. 施工体制の構築 (Construction System Construction)

Text describing the construction of the construction system, including roles and responsibilities.

28. 火災保険について (About Fire Insurance)

Text detailing fire insurance requirements, including policy details and coverage.

29. その他の保険について (About Other Insurance)

Text describing other insurance requirements, including liability and workers' compensation.

30. 法定福利費について (About Statutory Welfare Expenses)

Text detailing statutory welfare expense requirements, including social security and health insurance.

31. 中間技術検査 (Intermediate Technical Inspection)

Text describing intermediate technical inspection procedures, including inspection criteria and reporting.

32. 工事写真 (Construction Photos)

Text detailing construction photo requirements, including frequency and content.

33. 完成図等 (Completion Drawings etc.)

Text describing completion drawing requirements, including drawing standards and submission.

34. 電子データの提出 (Submission of Electronic Data)

Text detailing electronic data submission requirements, including file formats and security.

35. 提出用保管箱 (Storage for Submission)

Text describing storage requirements for submission, including security and access.

36. 解体工事 (Demolition Work)

Text describing demolition work requirements, including safety and environmental protection.

37. 公共事業労務費調査 (Public Work Labor Cost Survey)

Text describing public work labor cost survey requirements, including data collection and reporting.

38. 引渡し及び管理責任 (Handover and Management Responsibility)

Text describing handover and management responsibility procedures, including documentation and communication.

39. 現場代理人・技術者の専任期間等 (Site Representative and Technician's Exclusive Period etc.)

Text describing site representative and technician's exclusive period requirements, including contracts and duties.

40. 暴力団等の排除 (Exclusion of Yakuza etc.)

Text detailing yakuza exclusion requirements, including reporting and prevention measures.

訂正後 (After Correction)

Table with project details including project name, location, and dates, with a signature line for the project manager.
