# Life Advice for International Residents in Sakai

The Sakai International Plaza offers a consultation and information provision service for foreign residents living, working, or studying in Sakai, where an advisor provides face-to-face or over-the-phone counseling and administrative information. If you have troubles or questions in your everyday life (eg. how to separate garbage, or regarding bureaucratic procedures, etc.), the advisor will listen and offer advice.

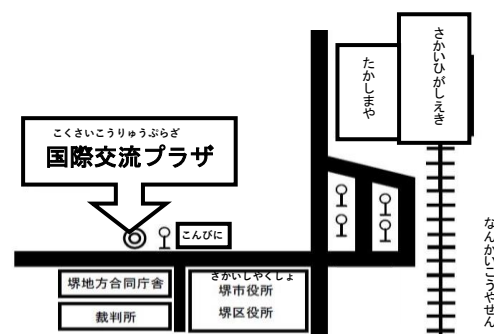

According to the nature of the enquiry, we may introduce you to other suitable institutions. Consultation in Chinese, Korean, Portuguese, and Spanish is available through volunteer interpreters and the triophone (a three-way phone interpreting system). Consultation in other languages is also sometimes available, so please enquire at the number below.
