

Important Notice Regarding School and Preschool Materials Fees and Related Charges

1. Transition of School Materials Fees and Related Charges to Public Accounting

From April 2027, Sakai City will transition the collection and management of school materials fees and related charges from school-managed accounting, under which each school or preschool collects and manages these fees, to public accounting, under which they will be collected and managed by the city. As a result, school materials fees and related charges will be paid to the city instead of your child's school or preschool. Therefore, please submit a new School Materials Fees and Related Charges Direct Debit Request Form.

Please note that certain expenses, such as PTA membership fees, club activity fees, and school trip fees, will continue to be paid to your child's school or preschool. Therefore, please keep the bank account currently registered for direct debit payments to the school or preschool. (You may also use the same bank account to set up direct debit payments to Sakai City.)

2. How to Submit School Materials Fees and Related Charges Direct Debit Request Form

• Please complete the required fields by referring to the example. A separate form must be submitted for each student. After completing the form, please submit it as shown in the diagram below.

• As a general rule, payments must be made via direct debit.

Accepted Financial Institutions: For financial institutions underlined in red, procedures must be completed at the counter.

Banks	Shinkin Banks	Others

If you designate one of the underlined financial institutions in the above table, please take this form to the institution's counter.

• After completing the procedures, return only the enclosed self-addressed envelope.

If you designate a financial institution that is not underlined in the above table, or choose to pay using payment slips, please return this form in the enclosed self-addressed envelope. Please keep the "(3) Applicant Copy."

3. Submission Deadline

Please complete the procedure at your financial institution and/or mail the form and/or envelope by the end of March 2027.

4. Direct Debit for School Materials Fees and Related Charges

School materials fees and related charges will be debited from your account on the 25th of each month from July through March (a total of nine payments) in FY 2027. The amount depends on your child's school/preschool and grade level. Please check the notice of the determined fee amount, which will be sent to your home before the payment due date for the first billing period of FY 2027.

- School materials fees and related charges will be paid in nine instalments over the course of the year, based on the annual purchase plan for school materials and related items established by each school/preschool or grade group. In March (the ninth billing period), a final adjustment will be made based on the actual purchase costs, and the amount of your payment may be increased or reduced accordingly. (The number of direct debits is tentative and may be subject to change.)
- If the direct debit date falls on a Saturday, Sunday, or public holiday, the payment will be debited on the next business day of the designated financial institution.
- If the direct debit cannot be processed on the designated payment date due to insufficient funds or other reasons, the payment will be debited again on the 10th of the following month (or on the next business day if the 10th falls on a Saturday, Sunday, or public holiday).

Note: In some months, a second direct debit may not be available due to procedural reasons.

- Please note that this direct debit payment is different from any direct debit payments you make to your child's school or preschool, such as PTA membership fees. (Please refer to the information that will be provided by your child's school/preschool at a later date.)

Q&A on School Materials Fees and Related Charges Payment Procedures

Q1. What happens if I fail to submit the required documents by the deadline?

A1. If the required documents are not submitted by the deadline, the first direct debit payment (July) may not be processed. In this case, please make the payment at a financial institution or convenience store using the payment slip issued by Sakai City. Please note that this payment cannot be combined with the next payment made by direct debit.

Q2. What if I receive Public Assistance (*Seikatsu Hogo* 生活保護) or School Expense Subsidy (*Shugaku Enjo* 就学援助)?

A2. Even if you receive assistance for school materials fees through support programs such as Public Assistance, the School Expense Subsidy, or the Special Needs Education Enrollment Support Grant (*Tokubetsu Shien Kyoiku Shugaku Shoreihi* 特別支援教育就学奨励費), a portion or the entire amount may still be charged to parents/guardians.

Q3. How should I write the details of my Japan Post Bank account if I use Japan Post Bank?

A3. If you use Japan Post Bank, please refer to the information below for instructions on how to write your account details.

1. The account number will have up to 8 digits. Those with fewer than 8 digits will have the leading "0" (zero) omitted. It will end in "1".

- If your bankbook details are shown as in the example on the right, fill them in as shown below.

5. Premiums for the Japan Sport Council Injury and Accident Mutual Aid Benefit System

The premium for the Japan Sport Council Injury and Accident Mutual Aid Benefit System must be paid together with the school materials fees and related charges.

- **Injury and Accident Mutual Aid Benefit System**
Based on the Act on the Japan Sport Council, local governments that administer schools and preschools enter into an Injury and Accident Mutual Aid Benefit System contract with the Japan Sport Council. This is a mutual aid benefit program under which the operating costs are shared by three parties: the national government, local governments, and parents/guardians who enroll in the program. The program provides insured students with benefits, including medical expense reimbursement and disability or death benefits, in the event of injury, illness, disability, or death resulting from an accident or other unforeseen incident during school or preschool activities.
- The premium is debited only once a year, during the sixth billing period (on December 25).
- The amount is shown in the Parent/Guardian Contribution column. Those who do not wish to enroll should submit a separate form, the Japan Sport Council Injury and Accident Mutual Aid Benefit System Opt-Out Form, by the end of April. (The premium will not be debited.)

	Mutual Aid Premium (including liability exemption endorsement)	Sakai City Contribution	Parent/Guardian Contribution*
Elementary School Junior High School Special Needs Education School (Elementary/Junior High School Courses)	935 yen	475 yen	460 yen
High School Full Time	2,165 yen	345 yen	1,820 yen
High School Part Time	995 yen	165 yen	830 yen
Kindergarten	285 yen	85 yen	200 yen

Note: The amounts shown in the table above are for FY 2026 and are subject to change.

*The contribution will be waived for applicants who meet one of the following criteria:

- (1) The household is receiving public assistance (as of May 1).
- (2) The household has been certified as eligible for the FY 2026 School Expense Subsidy (limited to those who applied in April or May).
- (3) The household falls under Assistance Level 1 pursuant to Article 2, Paragraph 1 of the Order for Enforcement of the Act on Encouragement for Children's Attendance at School for Special Needs Education.
