Lots of benefits
for your daily life

Would you like to join
the Residents'
Association?

Welcome!

Federation of Sakai City Residents' Associations

protecting each other **Neighborhood Power**

Build bonds by participating in your community

Supporting the community together

A strong community
will be resilient against disasters

When a natural disaster occurs, local governments will also be affected and help may not be able to come when you need it. It is necessary to know how to save yourself and work with your community to save others.

What you can gain from residents' association disaster prevention activities

- Preparation
- Knowledge on how to reduce damage
- Appropriate evacuation plan
- Tips on how to survive evacuation

Plus!

- Bonds with your neighbors
- Sense of security about natural disasters

Practice evacuation drills to prepare for disasters

Have fun at community events

Patrol activities and adding crime prevention lights to make the area safer

Deliver feedback to the local government
